Emmanuel Owolabi

Frontend Developer

Striving self-taught frontend developer offering 1 year of experience in providing skills in the areas of decision making, communication, evaluation and team work in frontend web solutions. Looking forward to being proficient in designing, developing and testing multiple web-based applications incorporating a range of technologies. Also aspiring to combine broad background with strong technical skills, practices and procedures to bring significant improvements in efficiency, productivity and business processes as a Front-End Developer.
